Notes

- The estimated expenses for each investment option represent the weighted averages of the Underlying Fund Expenses of the applicable underlying investments in which each investment option is invested. The Underlying Fund Expenses for the individual mutual funds are listed in the Program Description and at my529.org. The Underlying Fund Expenses of the mutual funds are charged against the investments in the funds on a daily basis. There are no underlying investment expenses assessed on the assets invested in FDIC-insured accounts.
- 2. The my529 Administrative Asset Fee is 0.10 to 0.14% annually (0.0083 to 0.0117% per month), charged as described under the my529 Administrative Asset Fee section in the Program Description.
- 3. The minimum and maximum expenses and fees for the customized investment options are shown as a range that reflects the lowest and highest possible costs, assuming the entire investment option is invested in the least or most expensive underlying investments. Because the Underlying Fund Expenses vary, the fees will depend on the underlying investment allocation selected by the account owner/agent. The maximum Underlying Fund Expense of 0.318% is reached if an account investment in a customized investment option includes a 25% allocation (the maximum allowed) to each of my529's most expensive underlying funds. Total annual Asset-Based Fees for a customized investment option can be calculated by using my529's Customized Age-Based and Customized Static Allocation and Fee Calculators.
- 4. The total Underlying Fund Expenses for the Real Estate Securities Portfolio, Global Allocation 60/40 Portfolio and Global Allocation 25/75 Portfolio reflect a fee waiver pursuant to a Fee Waiver Agreement with Dimensional Fund Advisors LP in effect through February 28, 2023. The total Underlying Fund Expense may increase if the Fee Waiver Agreement is not extended beyond February 28, 2023. The total Underlying Fund Expenses for the U.S. Large Cap Value Portfolio and the DFA International Value Portfolio reflect a permanent, contractual Fee Waiver Agreement with Dimensional Fund Advisors LP. Refer to the my529 Approximate Cost of a \$10,000 Investment Table in the Program Description to determine the projected total cost of my529 fees.

5. See underlying fund expenses in the Underlying Fund Expense Table in the Program Description.

Refer to the Approximate Cost of a \$10,000 Investment Table in the Program Description and at my529.org to determine the projected total cost of an investment option.

Approximate Cost of a \$10,000 Investment Table

The table compares the approximate cost of investing in my529 over different periods of time. The actual cost may be higher or lower. The table is based on the following assumptions:

- A \$10,000 investment invested for the time periods shown
- A 5% annually compounded rate of return on the amount invested throughout the period
- All units are redeemed at the end of the period shown for qualified education expenses
- The table does not consider the impact of any potential federal or state taxes on the redemption
- Total annual asset-based fees remain the same as those presented in the my529 Asset Fee Structure Table in the Program Description and are reflected in this table as an annual fee assessed on the average yearly balance

The Vanguard, Dimensional and PIMCO Underlying Fund Expenses apply to the Vanguard, Dimensional and PIMCO funds, respectively. There are no underlying investment expenses assessed on the assets invested in FDIC-insured accounts.

Notes

- The ranges shown for the customized investment options reflect the lowest and highest possible costs, assuming the entire investment option is invested in the least or most expensive underlying investments. However, the cost of the investments will depend on the underlying investment allocation chosen by the account owner/agent. Total annual asset-based fees for a customized investment option allocation can be calculated by using my529's Customized Age-Based or Customized Static allocation and fee calculators online at my529.org.
- The total Underlying Fund Expenses for the Real Estate Securities Portfolio, Global Allocation 60/40 Portfolio and Global Allocation 25/75 Portfolio reflect a
 fee waiver pursuant to a Fee Waiver Agreement with Dimensional Fund Advisors LP in effect through February 28, 2023. The total Underlying Fund Expense
 may increase if the Fee Waiver Agreement is not extended beyond February 28, 2023.
- 3. The total Underlying Fund Expenses for the U.S. Large Cap Value Portfolio and the DFA International Value Portfolio reflect a permanent, contractual Fee Waiver Agreement with Dimensional Fund Advisors LP.
- 4. See underlying fund expenses in the Underlying Fund Expense Table in the Program Description.
