Calculate your my529 income tax credit:

1. Multiply contribution amounts by 4.85% for each qualified beneficiary.
2. Add totals from each beneficiary.

A corporation may deduct up to \$2,130 per beneficiary from its income.

You qualify for the tax benefits even if you contribute more or less than the maximum amounts. If someone else contributes to your my529 account, you will receive the tax credit as the account owner.

ABOUT THIS FORM

- Complete this form to make a withdrawal from your my529 account. You may also request a withdrawal through my529's online Account Access at my529.org.
- A withdrawal request using this form will be issued as a check and mailed according to the information provided in section 3. To have a withdrawal deposited directly into your or your beneficiary's checking or savings account, you must make the withdrawal request online at my529.org.
- Withdrawals to pay for K-12 tuition expenses will be distributed only to the account owner.

IMPORTANT INFORMATION ABOUT YOUR WITHDRAWAL REQUEST

- Withdrawals from an account whose investment option has multiple underlying investments will be taken proportionally from the principal and earnings of the underlying investments in the account based upon their percentage of the account balance at the time of the withdrawal.
- my529 is not responsible for tracking the use of withdrawals from my529 accounts or determining their eligibility as qualified higher education expenses, including K-12 tuition expenses. You are responsible for maintaining adequate records, such as receipts and other documentation, for qualified higher education expenses.
- The earnings portion of the withdrawal may be subject to federal and state income tax and a 10 percent federal penalty tax if used for purposes other than qualified higher education expenses, including K-12 tuition expenses, for the beneficiary. See the Program Description for a list of qualified higher education expenses.
- Some withdrawal requests require you to obtain a signature guarantee. See section 6 for more information.
- Checks issued to you or your beneficiary will be sent to the address of record with my529.
- Requests in good order will usually be completed within three business days after my529 receives this form. Also, please allow up to two weeks for your check to arrive.

TAX REPORTING INFORMATION

- my529 will file IRS Form 1099-Q each year that a withdrawal is issued from an account. This form states the total amount (including the principal and earnings portions) of all withdrawals in a calendar year.
- Utah resident account owners will receive a TC-675H tax form each year. This form states the following information for an account owner: total qualifying contributions to count toward a Utah state income tax credit or deduction, total withdrawals made, and total amount transferred to a nonqualified beneficiary. 2 Withdrawal Amount

- my529 will not process your withdrawal request until the amount of the withdrawal is or becomes available in your account. 4 Withdrawal Type

Select the withdrawal type that is appropriate for your request.

Qualified Withdrawal

All withdrawn money will be used to pay for the beneficiary's qualified higher education expenses, including K-12 tuition expenses.

If you selected box 3 on page 2, funds will be withdrawn proportionally among all accounts of the same account type (i.e. individual, institutional, or UGMA/UTMA) for this beneficiary.

Select the qualified withdrawal type appropriate for your request:

- Qualified higher education expenses (eligible educational institution)
 K-12 tuition expenses

Nonqualified Withdrawal

The money will not be used to pay for qualified higher education expenses, including K-12 tuition expenses.

The earnings portion of this withdrawal will be subject to federal income tax and applicable state income tax. The nonqualified withdrawal also will trigger a 10 percent federal tax penalty on the earnings. If the withdrawal is due to the beneficiary's death, disability, receipt of scholarship, or attendance at a military academy, the earnings portion of this withdrawal will not be subject to the federal tax penalty.

Utah account owners: For Utah state income tax purposes, nonqualified withdrawals from a my529 account are subject to recapture of previously claimed Utah state income tax benefits.

Direct Rollover

This money will be rolled over directly to an account with another 529 plan or to an ABLER account for the same beneficiary or for a member of the beneficiary's family.

For rollovers to 529 plans: A rollover can occur only once every 12 months for the same beneficiary. If a rollover into or out of my529 has already occurred within the past 12 months for this beneficiary, this request will not be processed.

Utah account owners: For Utah state income tax purposes, rollovers from a my529 account to another state's 529 plan or to an ABLER account are subject to recapture of previously claimed Utah state income tax benefits.
