

The years go by fast

Create a solid foundation now

Transitioning into preschool and away from the costs associated with your baby, like diapers, offers exciting opportunities for your family. Redirecting those funds to your child's future education is easy with my529, Utah's educational savings plan.

Time is on your side to grow your savings. Investing small amounts early increases your potential to make compound growth work for you. *No initial contribution is required.*

This scenario is for a my529 account with a beginning balance of zero dollars and the amount stated contributed on the first day of each month over 18 years, with a 5% rate of return compounded annually.

Children with as little as \$1 to \$499 in a higher education savings account are...

3x
more likely to enroll

4x
more likely to graduate
