

# SAVING AT EVERY STEP WITH my529<sup>®</sup>

## Kindergarten is an important first step on your child's educational journey

AS YOUR CHILD GROWS and prepares to tackle each new milestone, give yourself peace of mind by preparing for the costs of their future education.

my529, UTAH'S EDUCATIONAL SAVINGS PLAN, has been helping families save for the costs of education for over 25 years. We want to be here for you every step of the way, including at this important beginning.

One of the simplest rules in savings is this: Adding a little bit to your savings regularly can add up over time.

When you start saving early, your my529 account has the potential to grow until you are ready for the time when those funds are needed to support your student's academic goals.

[CLICK HERE](#)

to explore my529 further, and learn about a promotional \$20 match for new accounts.

\*All numbers are my529 estimates. Growth on a my529 account assumes a contribution of \$40 per month at account opening and a 5 percent annual rate of return compounded annually over 13 years.

### Important Legal Notice.

Investing is an important decision. The investments in your account may vary with market conditions and could lose value. Carefully read the Program Description in its entirety for more information and consider all investment objectives, risks, charges and expenses before investing. For a copy of the Program Description, call 800.418.2551 or visit my529.org.
