Calculate your my529 income tax credit:

1. Multiply contribution amounts by 4.50% for each qualified beneficiary.
2. Add totals from each beneficiary.

A corporation may deduct up to \$2,490 per beneficiary from its income.

You qualify for the tax benefits even if you contribute more or less than the maximum amounts. If someone else contributes to your my529 account, you will receive the tax credit as the account owner.

4 Individual Successor Account Owner(s) (optional)

Complete this section to designate an individual as a primary and/or secondary successor account owner to your individual my529 account. This section is optional, but recommended.

- **To designate an institutional account successor (a trust, corporation, or other entity), complete section 5 instead of this section.**
- Subject to applicable law, the primary or secondary successor account owner will assume ownership of the account in the event of your death. The secondary successor will assume ownership of the account (1) in case of the death of both you and your primary successor, or (2) if the primary successor declines or is ineligible to take ownership.
- A successor account owner does not serve as a joint account owner. Only you may initiate and authorize account-related transactions or request account-related information.
- If you do not appoint a primary or secondary successor account owner and die before the account is closed, your beneficiary will become the account owner. If the beneficiary is a minor, the beneficiary will become the account owner subject to the appointment of a guardian/custodian. The account will then become an UGMA/UTMA account, subject to the restrictions and limitations applicable to such accounts. Refer to the Program Description for more information.
- You may revoke this designation by accessing your account online at my529.org or by submitting the Primary/Secondary Successor Owner Designation or Change form (Form 515).

6 Investment Option

- Complete this section to indicate how contributions to your account should be invested.
- You can invest your contributions in an Enrollment Date, Static, or Customized Investment Option, but you may choose only one investment option per account.
 - **If no investment option is selected on this form, all account money will be invested in the FDIC-Insured investment option.**
 - Investment options are described in detail in the Program Description. Please read the Program Description before selecting an investment option.
 - All future contributions will be invested in the investment option you select below, unless you change your investment option at a later date.
 - IRS 529 rules allow for two investment option changes per beneficiary per calendar year.
 - Please consider your investment time horizon before selecting an investment option.

Select ONE investment option from those listed below:

<div>Target Enrollment Date</div> <div><div>Target Enrollment Date Investment Option</div><div>Target Enrollment Date portfolios take into consideration the target year the account beneficiary will begin taking withdrawals to pay for education expenses. To select a Customized Investment Option using this form, attach a completed Customized Investment Option Calculator available at my529.org.

<div>Customized Investment Options</div> <div>In the Customized Investment Options, you take the full responsibility to determine the asset allocations, which can consist of any combination of offered funds.</div> <div>Please read the my529 Program Description for more information about the customized investment options.</div>	<div>Customized</div> <div><div>Available online</div><div>Customized Age-Based—The Customized Age-Based investment option is offered for the account owner who wants to design an investment glide path from the available underlying funds that automatically reallocates as the beneficiary ages.</div></div> <div><div>Available online</div><div>Customized Static—The Customized Static investment option is offered for the account owner who wants to design an allocation from the available underlying funds that remain in the chosen allocation regardless of the beneficiary's age.</div></div>
--	--

PLEASE NOTE: If you have selected the customized investment option, but only have one of three (3) specific funds in your customized portfolio, you could achieve the same investment result at a lower cost by selecting that fund within the static investment option. The three (3) funds are the following: (i) my529 Total Stock Market Index (UTVTX); my529 FDIC-Insured Portfolio (UTFIX); or my529 Stable Value (UTPSVX). Selecting the static investment option rather than the customized investment option would result in saving 3 basis points (or 30 cents per year on every \$1,000 invested).

If you have already liquidated funds from another 529 plan, you must enclose a check and a statement or other documentation from the 529 program manager showing the principal and earnings portions of the rollover. - ☐ **Coverdell Education Savings Account (ESA).** \$ _____. **You must first liquidate the investments in your ESA.** Enclose a check and a statement or other documentation from the financial company that shows the principal and earnings portions of the ESA. - This Account Agreement is subject to, and incorporates by reference, the operating procedures and policies adopted by the Utah Education Savings Board of Trustees, and statutes governing the trust codified as UCA 53B-8a. Any amendments to statutes and regulations shall automatically amend this Agreement and any changes to operating procedures and policies, including investment allocations and fees, shall amend this Agreement after adoption by the Utah Education Savings Board of Trustees.

No person is authorized to make oral or written modifications to this Agreement.
- This Account Agreement shall be governed by and construed in accordance with the laws of the state of Utah without regard to any conflict of law principles. I understand investments in the FDIC-insured accounts are insured by the FDIC up to the maximum amount set by federal law. Insurance coverage is based on the total of my investments in the FDIC-insured accounts at each of Sallie Mae Bank and U.S. Bank (the Banks) plus other accounts I hold at each of the Banks. It is my responsibility to determine how my my529 investments would be aggregated with other accounts at each Bank for purposes of the FDIC insurance.
